

Windows

Find the perfect windows for your home

WINDOWS 101

- The goal of the Architectural Committee is for windows to match the existing profile as much as possible
- All doors and windows should be recessed and not mounted flush with the exterior wall
- Window frame shall be 2" or less with a stucco return
- Window screens should be flush with windows

SUBMITTAL CHECKLIST

- Photo of exterior of the current home
- Cut sheet of the window frame from the manufacturer, including frame color
- Confirmation of window style and installation method
- Photos of similar installations with the same product
